

# Hungary - Missions trip

Eliot Kovacs

Jonotan Kovacs

During our trip to Hungary two years ago, we met Ps Jonotan and Eliot, who lead a young church in Szeged. We felt a strong connection, and chose to support them in building a healthy church focused on evangelism and outreach to universities and young families. Their passion for God's presence, discipleship, and missions has led to significant growth, and they are hopeful for revival in their city and nation.

In 2024, Tomas and Deborah Nagy took over leadership at the Újkígyós church, witnessing significant growth and testimonies of God's intervention. They pastor a church in Újkígyós and are connected to other churches in Tiszannana and Tizaburra. This Mission trip will support both these churches and their outreach activities.

Tomas and Deborah Nagy

We have been planting and building churches for many years in Hungary and during the Missions trip in May-June, we supported the local churches with youth and family camps, small group meetings, and leaders and pastors training led by Ps John Iuliano.

*The Missions trip started in Ujkigyos at the church pastored by Thomas and his family. On Friday night we gathered at the church for a men's and women's connect group. Sweet and Emily from our team shared with the women. Each woman declared truths from the word of God over their lives. The men also had a powerful discussion about what it means to be a godly man in the church. The men and women of Hungary are so faithful and eager to draw closer and closer to God.*

*They also ran a family day filled with games, praise and worship, the re-enactment of David and Goliath, with Sweet acting as our small but courageous David. After this we had the church service.*

*To our surprise the local mayor attended the service and prepared gifts to thank LifeSource church for partnering with the Ukigyos church. Prayer was at the forefront of everything done, and we have seen the Lord moving. There has been repentance, healing, salvations and we have expectant hearts that God has more install.*

## Prayer points

- Effective discipling of new believers and outreach programs.
- Need more counsellors to support inner healing ministry, and to equip pastoral care team.
- God would continue to grow and mature the church and raise up new leaders.
- Prayer ministry to grow
