

Hungary - Újkígyós Church

We continue the ministry to the local churches across Hungary and Slovakia that was first established by Gustav and Helena Pagac more than a decade ago. We continue to mentor and train church leaders, providing discipleship courses and materials, and help to strengthen the local church to bring healing and wholeness to the local Roma people, to families, and to raise up strong children's and youth ministries.

In 2024, Tomas and Deborah Nagy have taken over the leadership of the Újkígyós church and have seen amazing testimonies of God intervening, which has resulted in the growth of the church and many of their ministries including the children's and women's ministry. There remains significant work still to be done. Please continue to pray and support our churches and pastors across Hungary.

In 2025, the church will focus on community growth and mission, emphasizing the following areas:

- Promoting a vision of becoming Kingdom-minded, fruitful disciples.
- Raising new leaders to facilitate ministry growth.
- Improving team collaboration and fostering unity.
- Prioritizing discipleship to deepen faith and empower others.

Testimonies

God has been showing his incredible love in ways that highlight how he sees our pain, and our challenges and brings healing when we turn to him for help.

Debbie noticed swelling in her right wrist during a Saturday church service. She tried using ice packs to help, but the swelling didn't improve, so on Tuesday, during Bible study at church, she asked for prayer. As they gathered around and prayed for healing, she felt a change. After about 3-4 minutes later, she opened her eyes to find that the swelling had completely gone down, and the redness had faded. She was filled with joy and began sharing the miracle with everyone, praising the Lord for His healing power

Prayer points

- God to highlight new leaders to be trained and bless the team of volunteers and leaders with unity.
- Provision and protection for Tomas, Deborah and their family as they step into this new level of leadership.
- Increase in prayer, evangelism and missions (local).

Hungary - Nagy Family

Praise reports

We had several guests in these last months, one was a group of prophets who shared, and we saw significant breakthrough. Some people who had drifted away from God, received personal prophecies that stirred them to recommit themselves fully to Jesus. This was an amazing answer to prayer and a miracle.

We visited the Tiszanána church in March. It was an amazing time serving with them. We gave them our used projector, so now they can project their worship songs and Bible verses for people to see.

Those who got baptised last year, are starting to get a passion to serve others and personal gifts of the Spirit are starting to manifest in the congregation. We are going quite deep in Bible studies every Tuesday and we usually have 10-15 people, having regular prayer meetings and are experiencing some breakthroughs in healing.

Prayer requests

- There are no Sunday School teachers yet, and no one to take care of the children during preaching or Bible study. This means people are less likely to bring their children or they stay home because of this.
- We are praying for people to have more hunger for God, and especially for the Holy Spirit, so they could be equipped and use their gifts to serve
- Kathy is also in hospital right now and needs healing.
- Debby's uncle needs healing, he is in palliative care. He is a pastor of a small church in a village.
- We are also praying for people to have serious decisions towards God and receiving baptisms

Ngay Family - Hungary

Praise Points:

- Week of Marriage, where married couples could strengthen their relationships.
- During summer, we had an unforgettable children's camp, which we organized together with your team from Australia.
- We followed on with hosting several 'Family days', inviting families from the community to participate and sharing the gospel.
- Last year we saw several conversions, with many being baptized. We held a series of preparatory courses for them, where they could learn about God's truths on important topics and prepare for their baptism.
- In December, we organized Christmas hampers for the needy.
- We carried out numerous mission trips both domestically and in Romania.

Goals 2024

- Finish church building: demolishing the old chimney, continuing the renovation, creating new rooms and halls on the upper floor, and even renovating the staircase.
- Building our spirits and souls: Marriage conference, Leadership training, and numerous children's, youth, and family programs.
- Build and develop women and men's ministry
- Continue investing in Bible studies, prayer hours, and mission trips.
- Helping our community with clothing donations.

Prayer Points for 2024

- We want to revive the Sunday school and strengthen the children's program
- Pray for the healing of the sick and miracles
- The integration of new church visitors into the church,
- Expand the youth program and include more discipleship programs
- Leaders to share the work and people who are teachable
